

# MINDFUL WARRIOR P R O J E C T

last year we held a  
“Conversation with the Filmmakers”  
event so that the writer/director of  
and primary actor in an upcoming film could hear  
directly from veterans about  
survivor’s guilt/moral injury/PTSD  
so they could “get it right”  
and portray veterans and the subject matter  
with accuracy and respect
