

MINDFUL VETERAN P R O J E C T

“Conversation with the Filmmakers”

filmmakers who care enough
about U.S. Veterans
to want to portray their experiences
accurately, sensitively, and respectfully
- not some strange Hollywood version -

have again asked
MVP to facilitate a
professionally moderated, safe, confidential,
virtual

Q&A session/conversation

with
U.S. Veterans who served
in Vietnam

If you would like to help the filmmakers
with their research so they can
“get it right”

please email
gail@mindfulveteranproject.org

to express your interest &
hear more about this opportunity
